

QUARTERLY
BULLETIN
KARNATAKA
APRIL - JUNE 2018

Team Ekam Karnataka, has busy establishing itself and has reached out to several stakeholders.

Gap analysis to plan next steps at PHCs and Govt Hospitals is a key measure to plan successful interventions.

Meeting partners and visiting other state projects for knowledge transfer is also a key to learning best practices and lessons on the field.

Relationship building and approaching Corporates for support is a key – and our meeting with Biocon is a step in the right direction.

HIGHLIGHTS

Visited Mysuru city for Ekam's Projects.

We participated in the Devin Mother and Child Health Program (Sri Satya Sai Project) at Chikballapur District in Karnataka.

We have visited the Govt. Hospital Mysuru to see and understand the gaps in the facility.

We visited the Biocon PHC at Singhasandra in Bangalore

Visited Bangaluru city to have meetings with Ekam's projects' partners.

There was a visit to Mudelahalli for discussions on the scope for project collaboration with Sathya Sai Baba Trust.

We also went to Tiruchi Dist., along with Sathya Sai Baba Trust team to apprise them of EKAM activities.

HOSPITAL VISIT

- The Ekam team visited the Government Hospital in Mysuru to have a meeting with the administration regarding the requirement of some new equipment.
- They visited the Neonatal Intensive Care Unit (NICU) and other wards in the hospital.
- Team Ekam took Sri Sathya Sai Baba Trust's team to the Puthanatham Public Health Center in Tiruchi district and met RBSK doctors. The doctors highlighted Ekam's role in the referral program from Hospitals.
- Next visit was to the Mahatma Gandhi Memorial Government Hospital - Trichy. We introduced the Sathya Sai Baba team to hospital doctors. The team enquired about the government policies and problems and also about Ekam's role in solving them.
- They had a very good interaction session on E-Network program.
