FOUNDER'S REFLECTION

Ekam is a spiritual journey of experiencing "oneness" and proof that the Universe responds with lots of love and abundance to any intention which is pure and strong in nature.

We see GOD as Giving, Oneness and creating Destiny. Ultimately I seek the grace of Almighty and grace of my Guru to bless us all with whatever is good for our ultimate good and make us all beautiful instruments to serve the purpose of the divine.

Dr Sai Lakshmi Balijepally (Pediatrician)
Ashoka scholar
Nari Shakti Puraskar Awardee (from the President of India)
